THE BAGDAD AFFAIR.

NEW ORLEANS, Jan. 21, 1866. partial and correct statement of the capture of Bagdad

A party of one hundred and twenty-three, mostly colored soldiers, belonging to the One Hundred and Eighteenth United States colored infantry, under the command of Colonel Reed, crossed the Rio Grande at Clarksville and divided into three squads.

At four o'clock on the morning of the 5th instant the first squad entered Bagdad, which they surprised, cap-turing about four hundred prisoners and four pieces of artillery.

The second party proceeded to the ferry, where an im-

commanding this guard held his post bravely, firing his revolver at the attacking party, whereupon he was sho down, and the others belonging to the guard surrendered. In this affair one imperialist was killed and another

The third party proceeded to the quarters of Col. Rice, post commander at Bagdad, and took him and those with him prizoners. Colonel Rice subsequently escaped, but

A squad of ten men were then detailed to take the imperial gunboat Antonio, and fired on her, killing a sergeant and wounding several others. The Antonio fired at the at tacking party, killing two and wounding one of them.

The attacking party then fired two shots from a

howitzer at the Antonio, one of which passed through her just above the water line.

On the morning of the 6th instant a French frigate fy ng outside shelled the place. Shots afterwards were freely exchanged between the liberal hawitzers on the beach and a howitzer beat from the frigate. No damag was done by this firing beyond creating a panic amon the citizens of Bagdad, who crossed to the America nk of the Rio Grande, taking with them such of their valuables as they could hurriedly carry off. nent of two hundred men from the One Hun

This detachment continued on guard there until the even-ing of the 7th inst., when a detachment from the Fortyixth colored infantry relieved them, with instruction is sa'd, to withdraw in case of an imperial attack. The French mail steamer lying outside the bar left im-

nediately after the affair, probably for Vera Cruz. Bagdad was nearly deserted, and plunder and mas uninterruptedly kept up by its captors. A large amount of the stolen goods were crossed over the river to Clarksville. Those which arrived at Brownsville were selsed and returned to the proper owner.
